

APPEAL NO. 020975  
FILED JUNE 7, 2002

This appeal arises pursuant to the Texas Workers' Compensation Act, TEX. LAB. CODE ANN. § 401.001 *et seq.* (1989 Act). A contested case hearing was held on March 19, 2002. The hearing officer determined that the appellant's (claimant) compensable injury did not extend to or include arachnoiditis. The claimant appealed, arguing that the hearing officer erred in determining extent of injury. The respondent (carrier) filed a response urging affirmance.

DECISION

Affirmed.

The issue before the hearing officer regarded the extent of the compensable injury. Conflicting evidence was presented regarding the extent of the compensable injury. The hearing officer is the sole judge of the weight and credibility of the evidence. Section 410.165(a). As the finder of fact, the hearing officer resolves the conflicts in the evidence and determines what facts have been established from the evidence presented. We have held that the question of the extent of injury is a question of fact for the hearing officer. Texas Workers' Compensation Commission Appeal No. 93613, decided August 24, 1993. The hearing officer's decision is supported by sufficient evidence and is not so against the great weight and preponderance of the evidence as to be clearly wrong and unjust. Cain v. Bain, 709 S.W.2d 175, 176 (Tex. 1986); In re King's Estate, 150 Tex. 662, 244 S.W.2d 660 (1951).

The hearing officer's decision and order are affirmed.
